PROFILE

Bachelor's degree graduate in Information Technology with a strong focus on Front-End Development. Experienced in building responsive, component-based web interfaces through real-world projects and an internship as a Front-End Developer within an Agile workflow. Proficient in HTML5, CSS3, JavaScript, Bootstrap, React, and API integration. Committed to delivering scalable digital products by applying modular architecture and clean code principles.

PROFESSIONAL SKILLS

- Languages: JavaScript, TypeScript, Python
- Front-End Development: React.js, Next.js, Redux, Lit
- Styling & UI: Bootstrap 5, SASS, React Icons
- Testing: Cypress, Vitest
- Build Tools & Workflow: Webpack, Vite, Git
- API & Integration: RESTful APIs, Axios
- Collaboration & Methodology: Kanban, Figma, Trello

EDUCATION

UIN Walisongo

Bachelor of Information Technology | GPA 3,84 / 4,00

2021 – 2025

EXPERIENCE

CV. Seven Inc | Internship

Frontend Web Developer

Yogyakarta

Dec 2023 – Feb 2024

- Implemented 11+ UI pages for the POS Djuragan system across three user roles using HTML5, CSS3, JavaScript, and Bootstrap, ensuring consistent layout and design standards.
- Optimized responsive behavior by adapting table action buttons into icons for tablet view and text for desktop, and applied table-responsive classes to prevent layout overflow.
- Collaborated with a team of four frontend developers to align UI implementation with feature requirements based on Project Manager feedback, while tracking progress using GitHub and Trello.
- Produced structured technical documentation videos to present project deliverables and support a clear, smooth handover process.

PROJECT

Therads | Dicoding Project

React Developer

Jan 2026

A discussion forum web application that allows users to create discussions, comment, and interact with other users. Built with React and Redux for state management.

Tech: *React, Bootstrap 5, SASS, React Icons, Redux, Vite, Vitest, Cypress*
